1971 International Childbirth Education Association[ICEA] – Certified Childbirth Educator
1967- present Registered Nurse Florida State Board of Nursing

Experience:

13. Academic: 1995-present **University of Miami School of Nursing**
Rank/Status: Clinical Instructor/Full-time
Responsibility: 1995-2005 Coordinator Maternal/Child Nursing Tract and Lecture and Clinical
2006-present clinical instructor in maternal/child, med/surg fundamentals, role
synthesis, psychiatric nursing.
1989/91-Maternal/Child Lecture – Part-time

Academic: 2002-12 **Miami-Dade Community College of Nursing**
Rank/Status: Instructor/Part-time
Responsibility: Maternal/Child lecture and clinical

14. Non-Academic: 1985-95 **Childbirth Associates Inc. [CBA]**
Title: R.N./Administrator/Owner
Description: CBA as the **first** private Certified Nurse-Midwife[CNM] practice in S. Florida. I
Opened CBA with two CNMs and an OBGYN physician as partners. We competed
with private practice OBGYN. and delivered at two Miami area hospitals. We did
not become a free-standing birth center.
Responsibility: **R.N.** in an office setting and **Administrator/Owner**. The role of **nurse-entrepreneur**
was new to me. I learned to:

1. Establish a private advanced nurse practitioner business where there was no
precedence; requiring knowledge of city, county, state, and professional
regulation requirements as well as nurse practice state statutes.
2. Establish the ability to practice in a physician-dominated community a
independent practitioners; requiring skillful negotiations with hospitals and
physicians to get privileges to admit clients to hospitals.
3. Negotiate with insurance companies to become providers and receive
reimbursement for services. CBA was the first CNM practice admitted to an
HMO/PPO in Miami.
4. Change Florida State Statutes by political lobbying for reimbursement under
managed care.
5. Manage a business requiring knowledge of insurance billing, accounting, and
legal matters, along with day to day operations for ordering and payments.

Non- Academic: 1985-95 **Florida Alliance of Birth Centers [FABC]**
Title/Responsibility: Founding Board Member

Non- Academic: 1975-95 **Professional Association for Childbirth Education Inc.[PACE]**
Title: R.N. Childbirth Educator/In-Service Chairperson/Founding Member
Responsibility: PACE was a private, non-profit association of R.N.s who taught childbirth education
in the Dade, Broward and Monroe county communities. Its inception was due to
the need for community-based health education at a time when no hospital,
physician or R.N. offered the service. As a founding member I:

1. Set up a non-profit professional organization.
2. As Chairperson, coordinated/taught teacher training workshops which provided
ICEA certification.
3. Provided training and implemented the **first private postpartum home visit
program in Miami in 1976.**

4. Established the **first Mommy and Me program in 1976** as an early parenting series for identifying/preventing babies at for child abuse

Non-Academic: 1971-75 **Childbirth and Parent Education Association, Inc. [ICEA]**
Title: Childbirth Educator

Non-Academic: 1967-75 **Hospital Staff Registered Nurse**
Responsibility: positions in Florida and California in surgical and cardiac intensive care; psychiatric institutional nursing; medical-surgical floor nursing.

Teaching

- 26. Teaching Awards: 2010 University of Miami Excellence in Clinical Teaching
1997 1 of 28 Nominated for Excellence in Teaching at University of Miami
- 27. Teaching Specialization: Maternal/Child: antepartum, intrapartum, postpartum, prenatal education, pregnancy prevention; Women's Health: preconception, gynecology
2003 developed Nursing Human Growth and Development course
2002-3 University of Miami's Summer Scholars Program
- 28. Innovative Teaching: 1995-present **Woman's Health Education FYI Page:** Nur 324 students developed health information pages for a monthly calendar for the incarcerated women's rehabilitation program at Dade County's Detention Center. **Adolescent Pregnancy Prevention Initiative:** Team Teaching my *mini-assertiveness; How to Say NO to Sex!* The program enables preteens and teens to explore reasons for having sex and not having sex with role play of skills to use to say no in different situation. My Nur 324 students are the actors in the scenarios and the teens feed them the lines. The nursing students give bits of personal information as to why they want to be nurses, how they got into UM. After the workshop, the UM students break into rap groups with the teens. I also

do focus group evaluations of the program. The UM students provide positive role models for at risk teens and act as peer counselors to maximize the impact of the experience. The UM students experience firsthand the problem of adolescent pregnancy they have studied. Sites: 9th-12th grade Turner Technical High School, COPE NORTH and SOUTH[Dade County public school for pregnant adolescents], Pierre Toussaint Haitian Community Center afterschool program, 4th-6th grade Treasure Island Elementary. **Interactive Student Teaching to At Risk Populations:** Nur 324 students implemented the *Future Images* program developed by Dr. S. Walsh for adolescents to explore their future goals and how to achieve them. Sites: PACE School for Girls[juvenile detention center], Pierre Toussaint Haitian Community Center, COPE NORTH and SOUTH[Dade County public school for pregnant adolescents]

29. Thesis and Dissertation Advising/Preceptor Services:

Student Supervision: 1997 UM nursing student Dana Tomasso for independent study that gathered data and made recommendations related to breastfeeding practices at Palmetto General Hospital. The findings were available to the hospital and were useful to their initiative to increase breastfeeding success for their clients.
1997 Barry University Master's student Kristen Cuenca – teaching practicum
1996 Barry University Master's student Sharon Bruening – teaching practicum

Service
